Dear Friends:

As your partner in peace and justice, we know that your philanthropy is essential for the nourishment of the social and environmental justice and human rights movements. With your help, and the generosity of thousands of others, PDF has provided over \$26 million in grants and program services to organizations across the United States and beyond since 1981.

Last year alone, PDF made 124 grants totaling \$431,024 to 97 groups. In addition, PDF also provided almost \$200,000 in program services for technical assistance, community organizing and revitalization, and outreach and organizing opportunities for our criminal justice and environmental justice initiative partners.

With our focus on social justice as "pre-emptive peace-making", we work for justice while we provide grassroots partner communities the resources to resolve crises, handle conflicts, address systemic issues and contain violence. Thank you for your part in this effort.

Sincerely,

Paul Haible
Executive Director

Development Fund serves:

organizations of
oppressed and
arginalized
people. Those not
served or
funded by
mainstream
philanthropy,
both
nationally and
internationally.

Those most
adversely impacted
by systematic
forms of injustice
and oppression –
therefore primarily,
but not exclusively,
communities of

Mission Statement

The Middle East Peace Funding Initiative is designed to support the plurality of progressive voices in the United States who work for a peaceful, secular and comprehensive resolution to the Palestinian-Israeli conflict and humanitarian crisis.

Monmouth Dialogue Project

WEST LONG BRANCH, NJ

GIVAT HAVIVA's program, "Face to Face", allows Jewish and Arab high-school students in Israel to better understand one another, dispel stereotypes and create a preliminary basis for dialogue on a joint future based on mutual respect. "A vast majority of both populations harbor a hidden aspiration that the conflict will be resolved by the disappearance of the other side," Givat Haviva told us. "We believe that such hidden hopes are unrealistic and undesirable fantasies that have led to a reality of alienation and violence."

The Monmouth Dialogue Project seeks to build that understanding and respect among Arabs and Jews in Monmouth County, NJ. While Arabs and Jews are often neighbors, they live worlds apart. "In the post-9/11 world where understanding, respect, and

tolerance are at a premium, mutual misconceptions and stereotyping of 'the other' continue unabated. Opportunities for dialogue between and among national and religious groups are lacking." Although there are at least 40 Arab-Jewish dialogue groups in the U.S., there is no association of these groups, limiting their ability to work as a coalition. Building an association of these groups is a central goal of the Monmouth Dialogue Project.

In addition to dialogue groups, Monmouth Dialogue Project will bring peace camps into the envisioned network. These include camps for Arab and Jewish youths like the Oseh Shalom/Sanea al-Salam Peace-makers Camp at Camp Tawonga, now in its fifth year of existence in the San Francisco Bay area. With PDF's help, they are bringing together more than
