### **Independent Auditor's Report**

**To the Members of the Board of Directors  
Peace Development Fund**

#### **Report on the Financial Statements**

We have audited the accompanying statement of financial position of Peace Development Fund (a nonprofit organization), as of June 30, 2020, and the related statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the financial statements.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Peace Development Fund as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of these financial statements.

## **1. Organization and Purpose**

The Peace Development Fund (Agency) was incorporated under the laws of the State of Delaware on June 10, 1981. The purpose of the Agency is to promote world peace and to sponsor, support, research, and aid in the development and conduct of projects and programs to educate and inform the public on the principles of disarmament, global demilitarization, and the peaceful resolution of international conflict, thereby benefiting the international community of nations as a whole. It has been classified as an organization that is not a private foundation under Section 509(a) (2) of the Internal Revenue Code.

## **2. Summary of Significant Accounting Policies**

The Agency prepares its financial statements in accordance with generally accepted accounting principles promulgated in the United States of America (U.S. GAAP) for not-for-profit entities. The significant accounting and reporting policies used by the Agency are described subsequently to enhance the usefulness and understandability of the financial statements.

### **Basis of Accounting**

The financial statements of Peace Development Fund have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

### **Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Agency considers all unrestricted highly liquid accounts to be cash with an initial maturity of three months or less to be cash equivalents.

### **Use of Estimates**

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results could differ from those estimates.

### **Classification of Transactions**

All revenues and net gains are reported as increases in net assets without donor restrictions in the statement of activities unless the donor specified the use of the related resources for a particular purpose which is not consumed in the current period because an event has not occurred or the expiration of time has not occurred.

### **Property and Equipment**

Property and equipment are valued at cost if purchased, and at fair market value if donated. Depreciation is computed on the straight-line method over the estimated useful life of the assets. Additions and renewals, unless minor in amount, are capitalized. Expenditures for maintenance, repairs and minor renewals are expensed in the period incurred. When assets are sold or retired, the related cost and accumulated depreciation are removed from the respective accounts and any resulting gain or loss is credited or charged to income.

## **2 - Summary of Significant Accounting Policies (continued)**

### **Net Assets**

The financial statements report net assets and changes in net assets in two classes that are based upon the existence or absence of restrictions on use that are placed by its donors, as follows:

#### **Net Assets Without Donor Restrictions**

Net assets without donor restrictions are resources available to support operations. The only limits on the use of these net assets are the broad limits resulting from the nature of the organization, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

#### **Net Assets With Donor Restrictions**

Net assets with donor restrictions are resources that are restricted by a donor for use for a particular purpose or in a particular future period. Some donor-imposed restrictions are temporary in nature, and the restriction will expire when the resources are used in accordance with the donor's instructions or when the stipulated time has passed. Other donor-imposed restrictions are perpetual in nature; the organization must continue to use the resources in accordance with the donor's instructions.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

### **Concentrations of Risk**

#### **Investments at Fair Value**

Substantial parts of the Agency's investments are invested in the public traded equity and bond markets. Approximately, 53% of the Agency's investments are in such securities. The balance is invested in money funds.

#### **Cash and Cash Equivalents and Time Deposits**

The Agency maintains cash balances at several financial institutions. At various times during the year cash balances may exceed the insured amount of \$250,000 of the Federal Deposit Insurance Corporation.

#### **Contributions**

The Agency receives a substantial amount of their support from various individuals and foundations. If such individuals and foundations decrease their amount of contributions this may impact the operation of the Agency.

#### **Expense Allocation**

Common operating expenses are allocated to programs as a percentage of actual time spent by employees on each of the programs.

## **2. Summary of Significant Accounting Policies (continued)**

### **Contributions**

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restriction and reported in the statement of activities as net assets released from restrictions.

Any contributions received in the form of equitable securities are transferred to the Agency's investment account. These equitable securities are sold as quickly as possible. There may be instances where equitable securities are held for a short period due to the timing of when the security is sold. These items are shown as temporary investments on the balance sheet.

Contributions including unconditional promises to give are recognized as support in the period in which they are received. Conditional promises to give are not recognized until they become unconditional, that is, at the time when conditions on which they depend are substantially met.

Pledges are recorded as a receivable in the year that they are made. Provisions for uncollectible pledges are based on the Agency's collection policy, the length of time the pledge has been outstanding and other matters.

Securities received as contributions are recorded as revenue at the quoted market value (cost) at the date of the contribution. Net gain or loss on disposal is reflected in the statement of activities for the period in which the net gain or loss is recognized.

Office furniture and equipment received as contributions are recorded as revenue at the fair market value (cost) at the date of the contribution.

### **Shipping and Handling**

Shipping and handling costs are expensed in the period in which they are incurred.

### **Publicity and Promotions**

The Agency uses publicity and promotions to promote its programs. Such costs are expensed as incurred.

## **3. Federal Income Tax Status**

On May 14, 1982 the Internal Revenue Service determined that the Agency is exempt from Federal income tax under Section 501(a) of the Internal Revenue Code of 1954, as amended ("Code Section"), as an organization described in Section 501(c) 3 and publicly supported under Code Section 509(a) 2 and 170(b)(1)(A)(vi).

## **4. Pledges Receivable**

The Agency recognizes donor pledges as contribution revenue and any unpaid balance is recorded as a pledge receivable. All pledges that are determined to be a receivable are expected to be received within one year. The Agency evaluates its receivables and establishes an allowance for doubtful accounts if deemed necessary. There are no pledges outstanding as of the balance sheet date.

## 5. Fair Value of Financial Instruments

### Cash and Cash Equivalents and Time Deposits

The carrying amount approximates fair value because of the short maturity of those instruments.

### Investments at Fair Value

Investments are quoted at market prices as of the balance sheet date. For investments in which there are no quoted market prices, a reasonable estimate of fair value could not be made without incurring excessive costs therefore such investments are recorded at cost.

### Receivables

The carrying amount approximates fair value because of the short maturity of those instruments.

### Current Liabilities

The carrying amount approximates fair value because of the short maturity of those instruments.

## 6. Investments at Fair Value

Investments in marketable securities are stated at fair market value and unrealized gains and losses are included in the change in net assets in the accompanying statement of activities. Net investment income is reflected as an increases or decreases in the unrestricted class of net assets unless donors place restrictions on such income.

Securities are presented in the financial statements at fair value. Fair value measurements establish a fair value hierarchy. This hierarchy consists of three levels. Level one assets are valued at quoted prices in active markets for identical assets, Level two assets are valued based on observable inputs other than quoted prices in active markets and Level three assets are assets that have no observable inputs which to value such assets. All the securities of the Organization are Level one assets, valued at quoted prices in publicly traded markets for identical assets.

Fair values as of June 30, 2020 are as follows:

Money Funds	\$ 581,962
Mutual Funds Stocks	384,967
Bonds Fundss	268,946
	<u>\$ 1,235,875</u>

The following schedule summarizes the investment return and its classification in the Statement of Activities for the year ended June 30, 2020:

	Unrestricted	Temporarily Restricted	Totals
Interest & Dividend Income	\$ 4,050	\$ 16,044	\$ 20,094
Net Realized & Unrealized Gains	-	(14,947)	(14,947)
Total Investment Return	<u>\$ 4,050</u>	<u>\$ 1,097</u>	<u>\$ 5,147</u>

## 7. Compensated Absences

The Agency's policy is to allow individuals not to accrue more than ten days for sick and twenty days for vacation. Upon separation of service, accrued sick days are not paid. Management feels that this amount is immaterial to the financial statements taken as a whole.

## 8. Notes Payable

The Agency has a revolving line of credit for \$125,000 with an interest rate on the outstanding balance of 1.75% above the bank's base rate. The note is secured by all tangible and intangible personal and real property of the Agency except for the donor restricted assets. The balance outstanding at the balance sheet date is \$0.

No interest expense was paid during the year ended June 30, 2020.

## 9. Property and Equipment

Property and equipment consisted of the following:

Building Improvements	\$ 268,650
Furniture and Equipment	211,333
Building	<u>175,000</u>
	654,983
Less Accumulated Depreciation	<u>(403,745)</u>
Net Property and Equipment	<u>\$ 251,238</u>

Depreciation charged to expense during the year was \$11,039.

## 10. Net Assets with Donor Restrictions

Net assets with donor restrictions of \$1,555,400 are available for donor-advised grants and projects expected to be completed in future periods.

## 11. Net Assets Released from Donor Restrictions

Net assets of \$3,006,544 were released from donor restrictions by incurring expenses related to grants awarded which satisfied the restricted purposes specified by donors.

## 12. Leases

The Agency leases an office in California. The lease is classified as operating lease. The lease requires the Agency to pay a monthly base rent of \$1,719 plus utilities. The lease is a month to month lease.

## 13. Related Party Transactions

During the year the Agency made grants to three organizations with relationships to two members of the Board of Directors. The total amount of the two grants awarded was \$12,500. The Agency's conflict of interest policy requires that members with relationships to potential grantees are not involved in the vote or decision to make a grant to such organizations. Therefore the two members abstain from voting with respect to such grants awarded.

#### **14. Income Taxes**

The Peace Development Fund is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Peace Development Fund believes it is no longer subject to income tax examinations for years prior to 2017.

The Agency's policy is to classify income tax related interest and penalties in interest expense and other expenses, respectively.

#### **15. Liquidity and Availability**

The Agency has \$1,802,632 of financial assets available within one year of the balance sheet date to meet cash needs for general expenditure consisting of cash of \$561,857 and investments of \$1,235,875. \$1,555,400 of the financial assets is subject to donor restrictions to be used for a specific purpose. The Agency has a goal to maintain financial assets, which consist of cash and investments, on hand to meet 90 days of normal operating expense, which are, on average, approximately \$900,000. The Agency has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. In addition, as part of its liquidity management, the Agency invests cash in excess of daily requirements in various investments, including money market funds.

#### **15. Subsequent Events**

Subsequent events have been evaluated through December 21, 2020, the date the financial statements were available to be issued. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.
